Nikia,

Attached is the web notice with some redlines from my review. Feel free to edit them as you see fit. I included a couple of minor revisions and then added back a portion of the longer bullet from the letter to the commissioners since it was something Will suggested. But if Chris wants to delete, that's fine.

Also attached are the two figures of the WSSOU main study area and the overall OU map for the Butte area.

Please let me know if you have any questions. Thanks.

Chapin

See the attached CEF update for WSSOU. I moved the TI Waiver info that was in the *Announcements/Key Topics* section to the top of the *What is the Current Site Status* section. Let me know if you have any changes to this language and I will work with Bill to get this published once Nikia gives us to go ahead. Thanks.

Subject: WSSOU RI Start Ad for the MT Standard and Butte Weekly and Web. Notice

Chris,

Per our discussion, we are planning to start sending Access Letters out mid to late next week. I wanted to get the ad to the papers early next week and the notice (w/ figures) posted on the web. Can you take a look at these and make any changes necessary. I have attached the pdf and publisher version of the ad for ease of changes and the word form for the notice (w/ figures).

Chapin,

I would like to change the language on the figures to say "main study area" and not use boundary language.

Thanks,

Nikia Greene
